

# Low Profile UHF Antenna

Extremely Low Profile UHF Voice & Data Communications Antenna  
For Conformal or Paint-Embedded Applications

Part Number	ANTA-I-2001-00
Frequency	Tunable UHF
Bandwidth	7 MHz Typical
VSWR	<3 : 1
Polarization	Linear
Dimensions	100 x 100 x 1.5 mm
RF Interface	SMA Female 50 Ω
Installation	Entrotech AEROPaint
Environment	0 to 50° C

## Features

- Application-tunable center frequency
- Extremely low-profile
- Embeddable in Entrotech AEROPaint paint applique system
- Track-tested and racing 2015-17 seasons

## Applications

- LMPx, GT, SC, Indy, NASCAR, & Formula 1 voice communications
- Reduced visual signature applications
- Military and Intel agencies
